CONCLUSION AND LEGAL ADVICE

The search revealed identical marks LAVILIA in almost all countries where the searches were conducted. Only in Greece, Cyprus and Malta no identical marks LAVILIA were found.

The Registered Owner is Lavipharm Group Holding of Luxembourg. The registrations date from 2002 so the mark is not yet subject to the use requirements.

Use and registration of the mark LAVILIA in the relevant countries implies a strong risk, unless consent can be obtained from Lavipharm.

REGISTRABILITY

In our opinion the proposed name is sufficiently distinctive to qualify as a registrable mark. Hence we do not anticipate that in the countries searched objections will be raised on absolute grounds.

In case however you want to go ahead with the adoption of LAVILIA it is advisable to check same in more detail also to establish whether the proposed mark has any negative connotations in the various languages spoken in the searched territories.

Important:

The conclusions drawn from the results of the identical search apply under the restriction that there may exist prior applications/registrations of similar trademarks in the searched databases. For a complete overview of the existence of prior similar trademarks we recommend conducting a full availability search.
